ACKNOWLEDGEMENT

Please acknowledge CCRHD support using the wording below:

“Research infrastructure support and services were provided, in part, by the RCMI-Grant U54MD007600 from the National Institute on Minority Health and Health Disparities (NIMHD)”.

Community Engagement Core (CEC)

Center for Collaborative Research in Health Disparities

WHO WE ARE

The Community Engagement Core aims to 1) assess existing community-academic partnerships involved in translational research and recommend resources and strategies needed to enhance and expand such partnerships in Puerto Rico, 2) recruit and coordinate a Community Coalition Team (CCT) that will advise RCMI-CCHRD investigators on strategies to improve the recruitment and retention of study participants, and methods to disseminate research findings to a variety of audiences, 3) increase RCMI-CCHRD investigators' ability to understand and incorporate community perspectives in research projects involving minority health and health disparities.
